GOFFSTOWN CENTER, N. II.

THE following testimonials will tell something about I a Medicine that is now becoming popular faster than any other article sold by druggists:

Rev. J. K. Chase, of Rumney, N. II., under date of April 4th, 1860 says:

"When your favor, (two bottles of White Pine Compound.) was received, I was suffering from a most severe cold. I took the Compound, and was able to preach in two days.

"I believe the Compound is an invaluable medicine. I do wish thousands who know nothing of its virtues, would become better sequainted with it."

Rev. L. C. Stevens, Postor of the Baptist Church at Goffstown Central on a letter dated Fed. 1860. says:

"Some of my larnally have tried it. (the Compound, with signal success. I believe it to be one of the best Cough Remedias ever prepared. Besides its value as a Cough medicine I have good reason to believe it to be all it claims to be for Kidney Diseases and Diabetes."

Mr. Asa Goodhue, of Bow, N. H. wasso prost. 2 ed by Diebetes, in March. 1819, that neither himself nor any whosaw him thought that he could possibly live through the month. As a last tesort, he thought he would try the White Pine Compound. They precure a bottle for him; he tegan to take it and to the surprise of all, im mediately showed signs of smendment. Reven month afterwards (Feb. 23, 1860) in a full statement of his cashesays: "I believe Dr. Folund's White Pine Compoundunder God, has been the means of my recovery that far."

under God, has been the means or my recovery that undreds of cases of Kidney complaints, CURED ES TRELY by taking the White Pine Compound, have been reported by druggists. Here are two samples:

An aged man in Davers, Mass, heard of the Compound, as a wonderful curative for kidney complaints Being a great sufferer from that difficulty, he sent to the

Apothecary for two bottles. They CURED him. He said they were worth fifty dollars. He has stace soid a good many bottles himself. Many bottles a riself.

The second case was that of a business man, in Salem.
Mass. He was also cured of the rame complaint. Afterwards he went to Minnesola. The great fations of his journey brought on a return of his former difficulty, and seeking in vain in Minnesola for the Compound, he was

journey brought on a return of his former difficulty, and seeking in vain in Minnesots for the Compound, he was compelled to send all the way to Salem to have it forwarded by express.

"July, 1860. Ds. Poland — Mr. J. C. Butterfield, Jv., who sells your Medicine, has requested me to give a brief statement of what your Waite Pine Compound has dore for me. I had been afflicted with the Kidney Complaint for a long time, and had a bad Cough of tea year's standing. Which caused me to spit blood quite frequently. No one of my acquaintances expected that I should ever get my health again. But no bottles of your White Pine Compound have cured me of both the Cough and the Ridney Complaint.

I would also state, that a lady, a neighbor of cure, was so badly afflicted with a cough, that she sat un only long enough to have her bed made, and we all thought she was going in a quick consumption. She took only one bottle of your Compound and it cured her. She is just as well new as she e er was. STEPHEN EART LETT,

"Ds. Poland:—I wish to hear my testimony to the value of your White Pine Compound. You will remember how feeble I was at the time I called upon you, in July last. My chief complaint was industriance of the kidneys. In addition to other disagreeable symptons. I suffered dreadfully from severe pain. You sold me a bottle of the White Pine Compound, and before I had taken two thirds of the contents of that one bottle, my paid had left me. Though I had been afflicted with that complaint a long time, I have not had a re-

ind taken two thirds of the collects of that one outtie, my paid had left me. Though I had been affeliced
